As the largest Blockchain, Crypto and Web3.0 event in the MENA region, Future Blockchain Summit is growing at an unparalleled speed, despite the volatility in the cryptocurrency market. As one of the fastest-growing crypto markets in the world, the UAE has realized a 500% growth in crypto transactions in 2021 with a valuation of $25 billion. Dubai’s newly founded Virtual Assets Regulatory Authority (VARA) represents a significant commitment by Dubai Government towards promoting the expansive global virtual assets industry in the Emirate of Dubai.

As crypto regulators in the UAE map out a comprehensive framework for ensuring transparency and compliance to promote long-term growth in the sector, this year’s Future Blockchain Summit is home to the largest gathering of thought leaders, top blockchain architects, game-changing startups and powerful investors who are set to converge for 4 days of networking, investing and education centered around the most disruptive technologies since the internet – blockchain, cryptocurrency, NFTs, web3.0 and the metaverse.
Future Blockchain Summit is set to gather the world’s most exciting and innovative blockchain companies presenting Web3.0, Utilities, Crypto, NFT and Metaverse solutions in the global Web3.0 capital Dubai.
